Description of activities	<p>Bioelektrownie Swietokrzyskie focus on investments and cooperation with scientists from Polish and international universities concerned with environmental protection, in particular the cultivation of energy crops, biotechnology, energy efficient building technologies and boosting the farming potential of the Polish countryside.</p> <p>Among the examples of such activities are:</p> <ol style="list-style-type: none"> 1. Design and construction of energy-efficient buildings, using sustainable sources of heating and electricity; 2. Design and construction of communal waste processing plants and storage buildings; 3. Cooperation with universities on the design and construction of experimental biotechnology and energy systems, including cooperation with Politechnika Częstochowska on an innovative scientific research programme regarding the cultivation of algae using the heat, electricity and nutrients from a bio-energy plant constructed as a result of a scientific programme; 4. The development of an innovative, odour-free, waste-free Polish biogas technology Electra, that is a unique solution on a European scale; 5. Active participation in all research projects that aim to develop new solutions for biogas technology. 					
Range of activities (please tick)		<i>pre-treatment systems</i>	<input checked="" type="checkbox"/>	<i>digestion systems</i>		<i>upgrading systems</i>
Type of company			Yes		No	
	<i>Technology supplier</i>		<input checked="" type="checkbox"/>			
	<i>End-user</i>		<input checked="" type="checkbox"/>			
	<i>Research unit</i>				<input checked="" type="checkbox"/>	
	<i>Consulting company</i>		<input checked="" type="checkbox"/>			
	<i>Engineering company</i>		<input checked="" type="checkbox"/>			
<i>Production company</i>				<input checked="" type="checkbox"/>		
Experience in research projects			<input checked="" type="checkbox"/>			
Other comments						
Expectations from Record Biomap, e.g. - to find consortium partners for possible projects? - do you already know any funding call or other funding opportunities? - attend our planned workshops? - to find customers?	<p>The company is interested in the possibilities of implementing new innovative technology in biogas plants. Participating in Record Biomap project will give opportunity to find new companies, research units to cooperate with, they are as well interested in attending the workshops.</p>
