Description of activities	<p>BIO-INDUSTRY is a consulting company which's core business is practical advice how to optimize the production process in biogas plants, as well as full support for companies which would like to invest in this branch of renewable energy. We support investors/operators in all phases of the development of biogas projects. We have already 9 years experience in comprehensive management of biogas plants (7 to 8 plants with el. total el. capacity 7,0 to 7,4 MW) through our previous work on management positions for biogas leaders in Poland. From 2014 we provide full service for many Polish biogas plants as company BIO-INDUSTRY.</p>
